LOCATION OF WASH HOUSES AND  
DISPOSAL OF GARBAGE.  
Board of Health Makes Progress in  
Talk-Kokua System on Mo-  
kai-Rules for the Homes.

The postponed weekly meeting  
of the Board of Health was held  
in the new rooms of the Board of  
Health in the Judiciary building  
yesterday afternoon. There were  
present: Attorney-General W. O.  
Smith, president; Dr. Emerson,  
Dr. Day and Theo. F. Lansing,  
members; Dr. Howard, dispen-  
sary physician; Dr. Wayson, phy-  
sician to experimental station, and  
Dr. Myers; Chas. Wilcox, secre-  
tary, and C. B. Reynolds, execu-  
tive officer.

Reports were received from Dr.  
W. T. Monsarrat as meat inspector  
and inspector under the mitiga-  
tion law.

Letters were read from R. W.  
Meyer, superintendent of the Leper  
Settlement.

An application from Kahalewai  
to join his wife as a helper at the  
settlement was deferred for fur-  
ther information.

Mr. Meyer, commenting on an-  
other application, deprecated a  
return to the old "kokua" system,  
especially since the Board provid-  
ed relief for helpless lepers.

The president said it was less  
expensive keeping them in the  
homes than outside, but of course  
they preferred the greater liberty.  
He suggested that it might be  
feasible, in some cases, to have  
the stronger lepers act as kokuas  
to the weaker, and let them earn  
the 50 cents a week; although the  
husbands and wives' care of each  
other would perhaps be more ac-  
ceptable than that of hired help.

Mr. Reynolds remarked that  
the trouble was that many of  
them did not stay long with their  
husbands and wives, but took up  
with new mates soon after going  
to the settlement.

The application was not grant-  
ed.

It was agreed to allow a leper  
on Molokai, who is interested in a  
land case in court, to come to Ka-  
lihi to make a deposition.

Father Clement and Brother  
Louis were given permission to  
visit the settlement next week.

Several applications from doc-  
tors outside of the islands for po-  
sitions under the Board were  
read. They were ordered to be ac-  
knowledgeed and placed on file.

The president brought up the  
matter of new wash houses. He  
was informed by the Minister of  
the Interior that there was a  
piece of Government land beyond  
the saluting battery on Kakaako  
beach. There had been a strong  
protest received from the washing  
people against the proposed lot at  
Iwilei, past the slaughter house,  
on account of the great distance.  
Besides, as Mr. Reynolds remark-  
ed, a larger water main would be  
required than that now existing,  
to furnish enough water for the  
Iwilei site. The Minister of the  
Interior was prepared to proceed  
with the work as soon as the site  
was selected. He suggested that  
the sanitary committee should  
pay a visit to the locality at Ka-  
kaako, and take representatives of  
the press along with them, and  
report at another meeting.

Dr. Emerson remarked on the  
preferability of a site close to tide  
water to another one.

The matter was referred to the  
sanitary committee.

Removal of garbage was the  
next subject of consideration. A  
form of notice for calling for  
tenders for free removal of  
garbage was submitted. After  
some conversation the matter  
was continued to next meeting.

The executive officer was au-  
thorized to sell two colts belong-  
ing to the Board.

The revised draft of regulations  
for the Baldwin Home (for males)  
at the settlement was read and  
some amendments made to it.  
Regulations for the Bishop Home  
(for females) were similar treat-  
ed.

Fire extinguishers for the In-  
sane Asylum were the next sub-  
ject of discussion. Mr. Reynolds

Relief from Hood's Sarsaparilla  
Wonderful and Permanent.  
"C. I. Hood & Co., Lowell, Mass.:  
"I had kidney trouble and severe pains in  
my back, which was brought about by a cold  
contracted while in camp at Linnfield in 1862.  
I have been troubled more or less since that  
time and have been unable to do any heavy  
work, much less any lifting. I received only  
temporary relief from medicines. Last spring  
I had an attack of the grip, which left me with  
A Bad Cough, Very Weak  
physically, in fact my system was completely  
run down. I tried a bottle of Hood's Sarsapa-  
rilla and it made me feel so much better that I  
continued taking it, and have taken six bottles.  
It has done wonders for me, as I have not been  
so free from my old pains and troubles since the  
war. I consider Hood's Sarsaparilla a God-sent  
blessing to the suffering." WILLIAM J. BAKER,
